Sample Resume 1: ML Engineer Profile

Jacob Lash
MACHINE LEARNING ENGINEER

PROFESSIONAL PROFILE
Experienced Machine Learning Engineer with expertise in developing and deploying AI models. Specialized in natural language processing and deep learning applications.

SKILLS
- Machine Learning: TensorFlow, PyTorch, Scikit-learn
- Deep Learning: Neural Networks, CNN, RNN, LSTM
- NLP: BERT, Transformers, Spacy, NLTK
- Programming: Python, SQL, R
- Cloud: AWS SageMaker, Google Cloud AI
- Tools: Git, Docker, MLflow

EXPERIENCE
Senior ML Engineer | TechCorp AI
2020 - Present
- Developed and deployed production ML models with 95% accuracy
- Led team of 3 engineers in building NLP pipeline
- Implemented transformer-based models for text classification

ML Developer | AI Solutions Inc
2018 - 2020
- Built and optimized machine learning models
- Developed data processing pipelines
- Collaborated with data scientists on model deployment

EDUCATION
M.S. Computer Science, AI Specialization
Stanford University, 2018

B.S. Computer Science
UC Berkeley, 2016
